STEP TWO:

Register your Team

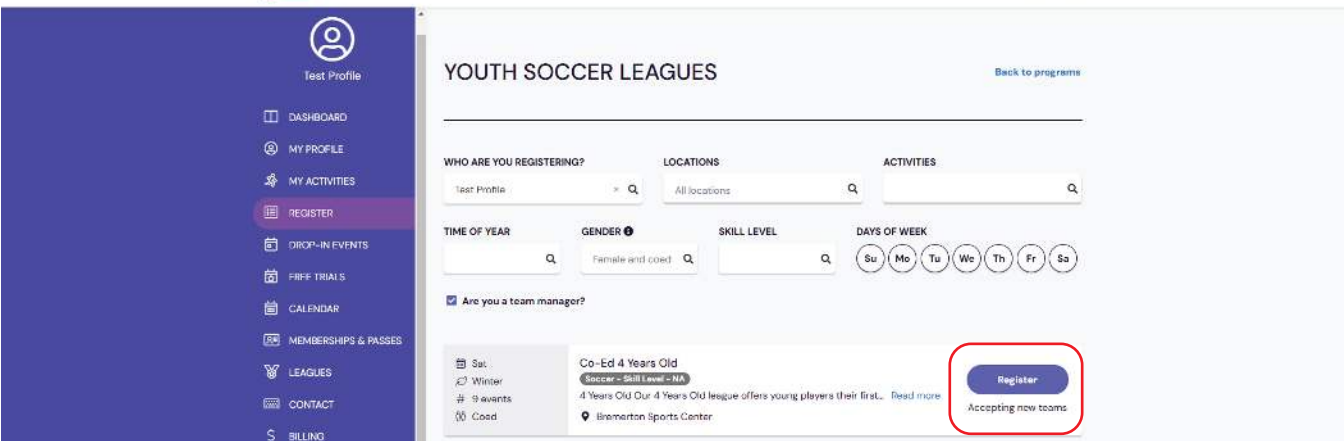

- Once you are done creating your account(s) and confirming your email, you will be able to login and get to your DASHBOARD.
- From here you can do one of two things. You can click REGISTER from the sidebar, or click REGISTER from the top under “WELCOME BACK, [NAME]”.
- When registering a team (especially for a youth team), you need to make sure that you have yourself as the “WHO ARE YOU REGISTERING?*” person.
- Then you need to check the box “Are you a team manager?”
- Once those conditions are met, you will be able to see the option to register for the Youth Soccer Leagues, even as an adult.
- When you arrive at the next screen, you will be able to see all the leagues that are available for you to register for. Please double-check that you are signing up for the correct age group. Especially if you are registering a Select or Premier team. Having either one of those, ***you are required*** to play one age group higher than the age group of your oldest player. (ex: Oldest player is 11 years old, but you are a Select team, you would need to sign up for the 12 Year Old League.) **Our Leagues are divided up by True Age.**
- The final screen you will come to will be the actual Team Registration. Make sure you give yourselves a “TEAM NAME”, pay the deposit (which will already be filled out), and leave any comments in the “COMMENTS” field. ex: If you have a schedule request, etc.
